COMMUNITY RESOURCE GUIDE

--Core Values--

Service | Ownership | Unity | Progressive

--Mission--

The Laramie County Fire Authority exists to protect life, home, and property by providing fire suppression, rescue, medical assistance, and public education with proficient, well trained, caring, and compassionate personnel with pride, honor, and integrity.

LCFA IS HERE TO HELP

With seven stations strategically located throughout Laramie County, Wyoming, we respond to 911 calls 24/7/365.

Preparation is better than the cure.

We also want to help you, reduce hazardous situations before they arise. This includes service calls to change your smoke detector batteries, coming to your home or business for a “walk through” to assess safety considerations and share helpful information.

DISASTER RECOVERY

Losing property or personal possessions can be a traumatic event. Here are some tips and local resources that can ease the burden of recovering from a disaster.

- American Red Cross of Wyoming
307-222-8272
- Contact your insurance company
- Gas & electric utility service provider(s)
- National Crisis Line (text or call 988)
 - 24/7 text or phone support for mental health emergencies
- Wyoming 211 (dial 211)
 - provides free, confidential health & human services
- Local property restoration services
- Pets / Veterinarian care

PREVENTION SERVICES

Do not be afraid to ask for help. There are many local resources and assistance providers to help keep you and your loved ones safe in the home and on the road.

LCFA firefighters and support crews can help with the following:

- Changing batteries in smoke detectors
- Proper car seat installation
- Firewise & “defensible space” assessments
- Connecting you with other local support & human service assistance providers

HEALTH AND SAFETY
